SPORT NOTES

REQUESTS CATCHERS' MARKS IN HOCKEY

An injury to Gaudet caused him to practice when he was struck in the face with a flying puck and, incidentally, had induced Coach Smyth, manager of the Toronto Leafs to endeavor to have it made compulsory for N. H. L. goalies to wear masks. The O. H. A. rule makes it optional with the goalies themselves, but Manager Smyth thought the rule should be made compulsory in the N. H. L. so as to prevent accidents. Few teams carry spare goalies, and though the back-scope seldom get injured, it is a serious matter when they do. Gaudet was nearly blinded in a Stanley Cup match and forced to discontinue play for the balance of the championship series.

ATTACK ON BOXING AND BULL FIGHTING IN MEXICO

Mexico City, Boxing and bull fighting once again will be placed before the Mexican Congress. Bull fights are being banned, though some hope is held for the other sport. Deputy Luis D. Solis Regillo is the author of a bill to prohibit the fighting of bulls, game cocks and professional pugilists. He claims the former two also to divert spectators with the martyrdom of animals. Bull fighting was banned in Mexico by General Carranza in 1915 and Punton two years later.

BLUE LANKSPUR BOOSTS BRADLEY TURF WINNINGS

With only one real star in the stable, E. H. Bradley races second among the money winners on the American turf this year. The master of Idle Hour had in Blue Lankspur a youngster that won more than \$100,000 in four races. The other 24 thoroughbreds Bradley had in training won less than \$50,000. Blue Lankspur, of course, lost all other horses in money winnings for the year.

LOSER FOR 37 YEARS STILL SEES WINNER

Louisville, Sir Thomas Lipton, the usually rich and tall to win a yachting cup, has a rival from Kentucky and when the prizes for perseverance are passed out, form or Senator Johnson S. Cause should be given some credit. For 37 years, the ex-senator has tried to capture a Kentucky Derby and for 37 years he has seen his horses defeated.

OTTAWA HOCKEY TEAM ONLY "HOME BREW" ONE

Ottawa has the only real home-brew team in the National Hockey League. With the signing of Wally Kilrea, Ottawas have practically a home team. Alex Connell, King Clancy, Al Smith, Frank Finnigan, Her Kilrea, Len Graveyard, Bill Towhey, Harold Starr and Al Smith all started their hockey careers in Ottawa. Joe Lam is the only player who did not learn the game in the Capital.

WELCOME THIRTEEN ON LES CANADIENS TEAM

Following in the footsteps of the founder and original owner of the colonial club, the late George Kennedy, Cecil Hart, manager of the Canadians, intends to defy superstition this year and carry thirteen men on his squad. Of course he will only be allowed to strip a dozen, but he figures that it will be wise to keep an extra hand around in case of injury. For that matter Hart is a bit superstitious about the number thirteen, but not in the usual manner. He feels that it is good luck. No member of the team will be asked to flout No. 13 on his sweater, but if there are any 13's going on the club, Nick Wastie, the newly-purchased right wing will be glad to wear it. Wastie, who was for a time with Chicago and Hawks, insisted on wearing "13" there. Later he went to Newark. Dr. of the Canadian League who is replacing sharp-shooting Art Gunne for Canadians.

STRATHMORE SCHOOL CONCERT WAS A COMPLETE SUCCESS

Continued from Front Page
Little Bobby Seales made his debut as a pianist in playing "Johnnie Be Gone to the Fair."

The next feature of the program was the presentation of Act 2, scene 11, from "Macbeth." The various characters were introduced, personating Gounsmo, Phillis Bower, Celia, Isabel Drummond, Orlando, Leonard Licht, in this Act, Rosalind, the Shepherd, Herk Bellinger, Jacques, a Lord, Edmund Bassant, Alice Garrett, Elsie Sorenson, Gladys Fessenden, Fay Harwood, Jean McCreary, Alvin Callaghan, Lydia Wilson.

Phyllis Bower, Gladys Fessenden, Jean McCreary, Alvin Callaghan, Lydia Wilson.

Mr. Van Tighem was a very large part to play, and she did it well. Celia and Orlando also knew their lines well, but a little clearer spoke his words distinctly and forcibly. Corn and Jacques played their parts modestly but truthfully.

The various costumes were apt and interesting.

The next feature was a pleasing Chorus by High School Girls. (a) "Hark The Herald Angels Sing."

(b) A Medley.

This Medley was not only pleasing and interesting to listen to, but was smart and catchy. It is not an easy thing to change from one tune, time and tone to another, but this was done, respectably by this Chorus of eighteen girls, and never once was there perceptible, a break or even hesitation. This is quite a remarkable feat. Miss Felt was again the pianist.

A piano duet by Gladys Fessenden and Alice Garrett, who played "Valse Caprice" in a very pleasing manner.

The next item was a scene from Sheridan's "Rivals."

Here Jack Van Tighem took the circumstances connected with the scene in a clear way which proved his knowledge of the play.

The actors were Andrew Garrett, Ted Schulte, Frederic Hilday and Joan Tighem.

This was an exceedingly well played Act. The voices were clear and distinct, the expression good and each actor seemed to really enter into and enjoy the play.

The costumes, early Victorian were smart and picturesque.

Presentation of Prizes by Mr. J. French to the following pupils for perfect or almost perfect attendance for the year.

Rockford

A good number of the young folks of the district who have been away attending the different colleges are enjoying the holidays at home, and gladdening the hearts of those who were left behind.

Mr. Bert Brown, W. O. Gilbert, and Bert Horton returned on Tuesday from their shooting trip. They brought home a couple of deer.

All are sorry to hear of the death of the infant son of Mr. and Mrs. Horace Wile on Wednesday last. Burial took place in the Rockford cemetery on Friday.

The pupils and teachers of the High School held a social afternoon on Friday, December 20th in the school room. The pupils took the opportunity of this occasion to present Mr. Holland with a set of Military Brushes before his departure for the United States. They expressed their regret at having to say goodbye to a teacher with whom they had enjoyed a congenial relationship. Mr. Holland very fittingly replied and surprised the students with a treat of ice cream, cake and nut. It was a very great disappointment for all to lose so good an instructor in the hands of the United States. Mr. Holland is hoped Mrs. Waters for the last half is spared everything will work out splendidly.

Mr. Black's Sister Mrs. Buntala and her family, who have been in Calgary for the last few days, are spending the Christmas holidays in Rockford at the family home.

The second round of the play in the series of White parties, sponsored by the Catholic Women's League was held on Thursday, December 18th in St. Rita's School. A good crowd turned out to try their hand at winning the trophies which were offered as prizes. Miss Clara Thomas and G. Gabriel were the fortunate parties. While Mrs. Allen, Jr. of Redlands and Mr. Bert Fretwell received the consolation, which were chickens. During the evening a raffle was raffled, the west to Leo Smith. These pleasant evenings are to continue every other week.

A great number of children were delighted on Friday at various times. Mrs. Buntala and her family, who have been in Calgary for the last few days, are spending the Christmas holidays in Rockford at the family home.

that tribunal, in view of the fact that the condition of Mrs. Payne had been ruled to be cancer, and to have had its origin after discharge. Opinions were read by Mr. Harry Bray at that meeting from two other Winnipeg physicians, agreeing with the opinions expressed by the one of them being from an X-ray examination from Dr. A. B. Jackson. The other was from Dr. J. S. Boyd.

In my statement before the Appeal Board I emphasized the fact that the cause of cancer is still unknown, but that recent research had demonstrated that cancer can be produced experimentally by the application of wounded surfaces of carbon compounds of high volatility, and that workers in gunpowder factories and others exposed to the effects of carbon compounds, as gunpowder, are peculiarly prone to cancer.
